## PT Series

- Wireless Pressure Transducer (PT)
- Available in 2 - 7 Channel Kits
- 100m (328ft) Bluetooth Range
- Eliminates Live Work (ELW)
- Test Multiple Channels Simultaneously
- 30 Hour Battery Life

Maximise  
Safety

Eliminate  
Live Work

Wireless up to  
100m (328ft)

Purpose Built for  
Heavy Industry

The **SafeTest PT Series** allows technicians to safely and efficiently monitor high-pressure hydraulic and pneumatic systems up to 100m (328ft) away. Available in various sizes, these kits can also be configured with a variety of pressure ranges to suit every application.

Packaged in a rugged hard shell carry case, with bespoke high density foam moulding and built-in charging harness, the SafeTest PT Kit is always ready to go at a moment's notice.

Pair your kit with our wide range of accessories such as specialised fittings and adaptors, extension hoses and magnetic bases to enable completely hands-free pressure testing.

The available pressure range options include -1 to 5 bar, 25 bar, 100 bar, 300 bar, and 600 bar.

“The SafeGauge products are a great addition to our tooling inventory. Tooling that removes personnel from the footprint of the machine.

The MultiTool allows for easy testing of multiple circuits at the same time. Being able to measure multiple channels at the same time significantly shortens testing duration.”

-Hastings Deering

SafeTest PT6 Kit

## Standard PT Kit Sizes

- 2 Channel
- 4 Channel
- 6 Channel
- 7 Channel

Custom kits and accessories are available on request.
