

THE ORIGINAL

# SafeTest

## TM Series

- Measures up to 10,000 RPM
- Up to 7.5m (25ft) Laser Operating Distance
- Accuracy of +/- 0.01% of Reading
- Up to 100m (328ft) Bluetooth Range
- Magnetic Adjustable Mounting System
- Rugged IP67 Rated Design

**Maximise  
Safety**

**Eliminate  
Live Work**

**Wireless up to  
100m (328ft)**

**Purpose Built for  
Heavy Industry**

The **SafeTest TM Series** enables completely wireless measurement of RPM removing technicians from the live work area while measuring the speed of fans, pumps, drill heads and other rotating machinery components.

This rugged, non-contact laser tachometer is designed to achieve fast, accurate measurements in the harshest mining environments while out of harm's way. Use the Wireless MultiTool to capture multiple RPM measurements at the same time.

Packaged in a rugged hard shell carry case, with built-in charging harness, the SafeTest TM Kit is always ready to go at a moment's notice.

"The SafeGauge products are a great addition to our tooling inventory. Tooling that removes personnel from the footprint of the machine.

The MultiTool allows for easy testing of multiple circuits at the same time. Being able to measure multiple channels at the same time significantly shortens testing duration."

-Hastings Deering

SafeTest TM2 Channel Kit

## Standard TM Kit Sizes

- 1 Channel
- 2 Channel
- 4 Channel

Custom kits and accessories are available on request.
